

LIM extends activity support to frontline soldiers and displaced persons

On the morning of 22 December 2025, LIM Law Group and LIM Tax Consulting Co., Ltd., led by Ms. Kang Leap, carried out a donation to the Bar Association of the Kingdom of Cambodia (BAKC), aiming to support frontline soldiers and displaced persons in this difficult time. The donation included 1,000 kilograms of rice, 50 cases of drinking water, 120 bottles of fish sauce, 120 bottles of soy sauce, 50 packs of monosodium glutamate (MSG), and 10 cases of cakes. These essential items were thoughtfully prepared to help cover basic needs and offer encouragement during challenging times.

Through this donation, we reflect our shared responsibility as a community to care for the brave Cambodian army, which is constantly stationed to protect the integrity of the territory along the border, and we respectfully offer our prayer to the guardian spirits of the Kingdom of Cambodia, to all Cambodian ancestors, and to all sacred objects throughout the world, seeking their protection and blessing for our Cambodian army. May they be safeguarded, experience only happiness and strength, remain free from illness, and defeat all enemies. This donation reflects our deep appreciation, solidarity, and unwavering support for those who selflessly serve the nation. More than materials, what we have brought now is encouragement, support, and serves humanitarian purposes, helping all our military heroes and displaced persons.
